## TRUSTED PARTNER OF THE INDUSTRY SINCE 1854.

The single largest fleshing and shaving blade manufacturing group in the world.

Since 1854, our company has remained at the forefront of evolving technology in blade design and manufacture for the global leather industry. The legacy of this pursuit is the quality inherent in our comprehensive range of blades for leather shaving, fleshing and splitting.

- TWO GREAT BRANDS UNDER ONE ROOF

## ANCILLARY PRODUCTS

### HARDY APPROVED HIGH QUALITY RANGE

#### COPPER CAULKING

- Available in 25kg or 50kg rolls, in a variety of sizes and grades.
- Gives you complete control over the grade of copper used for caulking.

#### GRINDING WHEELS AND BRICKS

- We stock a full range of recommended wheels and bricks for all machines.
- They're matched to the Hardy range of blades to optimise enduring performance and ensure the ongoing condition of the blades.

The accreditation of ISO 14001 and EcoVadis, coupled with the installation of a solar panel array in 2022, Hardy UK Ltd has positioned itself as a leader in environmentally responsible leather blade supply, securing its relevance and success in an increasingly eco-conscious business environment.
